

Hi, I'm Evgenii, Middle School Teach Integration Specialist. I was born and raised in a small town in Southern Siberia, Russia. I received my Master's Degree in Linguistics in 2013 and have been teaching internationally ever since. I've lived and worked in South Korea, Germany, and China.

In my free time, I like to do sports and make short movies. I'm also a video blogger. I share my works with the world community via YouTube. Here's a link to my channel: <https://www.youtube.com/c/teachtravel>
